2024-25

thelottery.stanford.edu
APPLYING FOR GRADUATE HOUSING

HOW TO APPLY
Apply online through Axess (axess.stanford.edu). Submit your application between April 3, 2024, and May 1, 2024, to participate in the first-round Lottery.

- New students are only guaranteed housing for 2024-2025 if they apply by the May 1 deadline, and select “assign me to any residence for which I am eligible” as their final application choice.
- Continuing students who are eligible to renew must do so by the May 1 deadline.
- If you apply after the May 1 deadline, you will receive a sequential application number based on the date you submit your application.

You will need a SUNet ID to apply for housing. Instructions for obtaining a SUNet ID are included in your admission mailing. Please set up your SUNet ID immediately after receiving your letter of admission for obtaining a SUNet ID are included in your admission mailing. Instructions for obtaining a SUNet ID are included in your admission mailing. Please set up your SUNet ID immediately after receiving your letter of admission to Axess within about 48 hours of creating your SUNet ID.

- If you apply after the May 1 deadline, you will receive a sequential application number based on the date you submit your application.
- If you apply after the May 1 deadline, you will receive a sequential application number based on the date you submit your application.

Submit your 2024-25 application for autumn quarter in Axess beginning on April 3, 2024.

DISABILITY/MEDICAL ACCOMMODATIONS
If you, your spouse, partner or child have particular housing needs due to a documented disability or medical condition, you may participate in the Medical Accommodation Lottery, which takes place prior to the main Lottery. More information is available at rde.stanford.edu/studenthousing/medical-accommodations

- Register with the Office of Accessible Education by April 10. oaeconnect.stanford.edu
- Submit a housing accommodation request form with the Office of Accessible Education by April 22.
- Submit a housing application in Axess by April 22.

REASSIGNMENTS
After the Lottery assignments are announced, students may apply for reassignment if they wish to change their assignment. An initial reassignment process will take place in July as part of the second round. If you are not reassigned in July, you can reapply for on-going reassignments that are made on a rolling basis each quarter after the demand from unassigned students is met. Your position in the rolling reassignment process is based on the date you apply.

If your family status changes, you should apply for housing in your new category as soon as you know about the change.

ROOMMATES IN SHARED HOUSING
If you are a single student assigned to a shared apartment, your roommate will be matched based on the roommate preferences you list on your application. If you would like to live with specific friends, you are able to apply with a group of up to four students. If all group members have the same priority level and are the same gender, they are likely to be kept together.

rde.stanford.edu/studenthousing/applying-group-graduate-housing
For information on applying with friends of different genders:

rde.stanford.edu/studenthousing/graduate-gender-neutral-housing

Stanford’s Residential & Dining Enterprises (R&DE) offers a variety of on- and off-campus housing options for graduate students. Apartment configurations range from studio to four bedrooms, suitable for singles, couples and students with children. With the opening of the Escondido Village Graduate Residences (EVGR) in 2020, we are now able to offer university-assigned housing to over 7,000 graduate students. We strongly encourage all students interested in living on campus to apply.

To improve your chances of being assigned to your desired housing, rank ALL apartment locations in the order you would like to be assigned until you have no further preferences.

If you need housing for summer 2024, you will need to order you would like to be assigned until you have no further preferences.

On your application, you will select the quarter you want your housing to start, your category of housing (single, couple without children or student with children), your requested move-in date and rank all your residence choices.

If you are a single student assigned to a shared apartment, your roommate will be matched based on the roommate preferences you list on your application.

If you would like to live with specific friends, you are able to apply with a group of up to four students. If all group members have the same priority level and are the same gender, they are likely to be kept together.

Submit your 2024-25 application for autumn quarter in Axess beginning on April 3, 2024.
ORDER FOR ASSIGNING STUDENT HOUSING

1. Student staff and students needing medical accommodations
2. Students living on campus with medium priority who are renewing their spring housing for the next year
3. Students living in subsidized off-campus housing with medium priority who apply for the same category.
4. Guaranteed first-year students who applied by the deadline and specified “assign me to any residence for which I am eligible” as their final application choice.
5. First-year students with high priority who limited their housing choices or applied after the Lottery deadline.
6. Students with medium priority who are not renewing.
7. Students with low priority.
8. Students with no priority.

Your first-year assignment priority is only effective during your first academic year of graduate study. It cannot be used later, even if you are admitted to an additional degree program.

Students beginning a second graduate degree program are considered continuing students. Co-terminal students are considered continuing students with low priority and are not guaranteed housing.

CONTINUING STUDENTS

After Your First Year

- Students with medium priority who want to stay in the same apartment may be able to renew annually and bypass the first-round Lottery if they are living in a full-year building and keep their summer contract.
- Students who want to change residences, who don’t want to keep their summer 2024 contract or are not eligible to renew should join the first-round Lottery.

Regardless of their priority level, we are strongly encouraging all graduate students who need housing to apply for the Lottery.

Special Off-Campus Priority for Lottery 2024

Doctoral students living in the off-campus subsidized apartments who are applying for the same category and who have medium priority years remaining will have a special priority to on-campus housing and their off-campus residence, if available in the 2024 Lottery. They will be assigned ahead of first-year students.

CHART LEGEND

G/H = High Priority | Can apply through Lottery
- Students in the first year of their first graduate degree program at Stanford (does not include coterminal students) are guaranteed housing (G) if they apply by the Lottery deadline and are willing to accept any assignment.
- First-year students who miss the deadline or are not willing to accept any assignment are no longer guaranteed, but are given a high priority (H) and are considered for housing before students with lower priority levels.

M = Medium Priority | Can renew if in on-campus housing
- Continuing doctoral students with priority years who have already had a year of guarantee or high priority.
- Master’s students applying for a second year of housing who are living in students with children housing.

L = Low Priority | Cannot renew but can apply through Lottery
- Master’s students applying for a second year of housing who are living in single graduate or couple without children housing.
- Coterminal students in the first two years of eligibility for graduate housing who have used their undergrad housing guarantee.

N = No Priority | Cannot renew or apply for autumn until the Rolling Assignments round after the second round deadline in July.
- Non-degree seeking students who are enrolled as postdocs or visitors.

P = Non-matriculated Priority | Cannot renew or apply for autumn
- Students who have used their housing priority years.

PRIORITY BY DEGREE

R&D Student Housing uses a lottery to assign housing to graduate students. You are assigned according to (1) your assignment priority level, (2) a random lottery number and (3) your housing choices.

When the program gets to your priority level and lottery number, it will place you into the highest available residence on your preference list. If all of the residences you have listed are full, you will be assigned by your final choice.

If you are assigned out of the final choice “assign me to any residence for which I am eligible,” you could be assigned to any on-campus housing option (except Munger, the GSB Residences, the two-building triangles in EVGR, pilot program for 24-25), and the premium studios for single graduate students, due to their price) or Oak Creek. The system will assign you to a residence that is left over at the end of the process.

With the exception of the Oak Creek apartments, you will not be assigned to the off-campus subsidized housing unless you specifically list it.

If you select “assign me only to the residences I have listed,” you will not be assigned if we cannot assign you to a residence you have listed.

Students with children do not select a final choice on their applications.

In either case, we strongly recommend that you rank as many choices as possible to improve your chance of being assigned by your preferences.

FIRST-YEAR GRADUATE STUDENTS

If you are enrolled in a Stanford graduate degree program for the first time, housing is guaranteed for your first year.

- You apply by the Lottery deadline – May 1, 2024.
- You select “assign me to any residence for which I am eligible” as your final application choice.

Students selecting this choice will not be assigned to Munger, the GSB Residences, or the premium studios for single students unless they have listed them. Students selecting this choice could be assigned to Oak Creek, but will not be assigned to other off-campus subsidized housing unless they have listed those options.

If you have restricted housing choices, and you are not assigned in the first round, you will still be considered with high priority for housing before continuing students.

If you apply after the deadline, you will have high priority and your position on the list will be determined by the date you apply.

CONTINUING STUDENTS

After Your First Year

- Students with medium priority who want to stay in the same apartment may be able to renew annually and bypass the first-round Lottery if they are living in a full-year building and keep their summer contract.
- Students who want to change residences, who don’t want to keep their summer 2024 contract or are not eligible to renew should join the first-round Lottery.

The best numbers (lowest numbers) are randomly assigned to students who apply for housing by the Lottery deadline. Students who miss the first-round deadline will receive a sequential number based on the date their application is submitted.

Assignment Priority is determined by:

1. Your student status (first-year or continuing graduate student)
2. Your degree program (PhD, master’s, etc.)
3. The total number of years you have lived in graduate housing.

Regardless of their priority level, we are strongly encouraging all graduate students who need housing to apply for the Lottery.

Special Off-Campus Priority for Lottery 2024

Doctoral students living in the off-campus subsidized apartments who are applying for the same category and who have medium priority years remaining will have a special priority to on-campus housing and their off-campus residence, if available in the 2024 Lottery. They will be assigned ahead of first-year students.
Residence Priorities

Some students have additional residential priority to specific graduate residences. They must list the choices on their application to receive the priority.

Law students will have priority to 50% of each type of housing within the Munger Graduate Residences.

GSB students have priority to the GSB Residences.

All students living in housing during the spring term will have priority to stay in their current residence if they list it and have a lottery number and priority level strong enough to be assigned in the assignment round.

On-Campus Graduate Housing Options

Graduate Housing

Stanford offers housing to single students, students with domestic partners of any gender and students with children. All housing is smoke-free. Pets are not allowed, although some animals are approved for medical reasons.

More information about housing options can be found at rde.stanford.edu/studenthousing/graduate-housing-options. The floor plans and photos in this section are representative samples. Your apartment may have variations.

Residential Renovations

The goal of R&DE’s Maintenance Operations & Capital Projects (MCP) team is to ensure student comfort and safety in their campus homes. MCP provides routine maintenance and system upgrades year-round, with minimal disruption to students. However, some projects are so extensive that they can only be completed in unoccupied apartments. In these cases, students are relocated (temporarily or permanently) to other apartments/buildings to facilitate the renovations. R&DE will provide more detailed information about the project in the academic year before the scheduled start date. You can find information about upcoming projects through the 2028-2029 academic year on the R&DE website.

In Every Apartment

Students can expect bedroom furnishings such as a bed, dresser, nightstand, desk, desk chair, and a closet. Kitchens are generally equipped with refrigerator/freezer, electric stove, oven and sink with garbage disposal. Living spaces are commonly furnished to include sofa, coffee table, dining room table with chairs, small counter-height table with chairs, or counter with chairs. Residents pay no additional charge for utilities (water, heat, electricity, garbage, sewer). Wi-Fi is available in on-campus residences and is included in your technology fee ($92/quarter).

In single graduate housing, students are generally assigned to a private bedroom. For 2024-25 there will be a pilot program in which we will offer a small number of EVGR premium two-bedroom, two-bath apartments with triple occupancy. One student will be assigned to a single private bedroom (with a full-sized, extra-long bed) and private bath while the other two students will share the second bedroom (with twin-sized, extra-long beds) and bath. Both the single bedroom option and the double bedroom option, that requires two students to share the same sleeping space, will be offered at a reduced rate and will only be assigned to those who specifically list them on their application. These options will not be included when students indicate they are willing to live in any option on their housing application. Since this is a pilot program, students who are assigned to these options will not be eligible to renew these housing assignments, as these room types may not be available in future years.

Lyman Graduate Residences

Located on the west side of campus, close to the Medical Center and the Science and Engineering Quad, this complex includes two residential buildings housing single students in two-bedroom, one-bath apartments. Common areas are located in the central commons building.

Lyman will undergo renovations starting in autumn 2024 and will continue through summer 2027. Students will move to a renovated unit in Lyman when the project reaches their apartment.

GSB Residences

Stanford’s Graduate School of Business (GSB) manages the GSB Residences, located across from the GSB on Jane Stanford Way.

Jack McDonald Hall and Schwab Residential Center offer studio apartments with shared kitchens. Most spaces are assigned to first-year GSB students.

Note: The GSB Residences are not automatically included if you indicate on the housing application that you are willing to be assigned anywhere.

RESIDENCE PRIORITIES

ON-CAMPUS GRADUATE HOUSING OPTIONS
Kennedy Graduate Residences in Escondido Village

Apartments include premium two-bedroom, two-bath apartments with shared living room and kitchen, junior two-bedroom, two-bath units with shared kitchens and premium studios for single graduate students. Premium studios are available to couples and single parents with one child. Each student has a private bedroom and bathroom.

Note: The premium studios are not automatically included for single graduates if you indicate on the housing application that you are willing to be assigned anywhere.

Munger Graduate Residence

Conveniently located, Munger’s five apartment buildings are adjacent to the Law School and a short walk from White Plaza. Studies and a limited number of one-bedroom apartments are available to couples. Studios, two- and four-bedroom apartments are available for single graduates. Each student has a private bedroom and bathroom. Premium studios are large enough to accommodate a dining table and chairs, while the standard studios have an eat-in counter with stools. Law students have priority to assignment for 50% of Munger spaces.

The Market at Munger, in Jacobson-Sorensen Hall, offers fresh produce, grab-and-go meals and a number of grocery and household items.

Note: Munger is not automatically included if you indicate on the housing application that you are willing to be assigned anywhere.
Escondido Village & Escondido South Low-Rises

Home to couples, students or couples with children and single students in one- to four-bedroom apartments, these units are located in one- and two-story low-rise apartments arranged around grassy fields, picnic areas and communal courtyards. The two-, three-, and four-bedroom apartments have fenced in patios that open on to gated play areas. The one-bedroom, one-bedroom with den and studio apartments do not have fenced in patios or play areas. Couples without children are assigned to one-bedrooms and a limited number of one-bedrooms with den and two-bedroom apartments. Single students are assigned to two- and three-bedroom apartments with a private bedroom and shared bathroom, kitchen and living room. There are only two four-bedroom apartments available and these are assigned to students or couples with children.

All apartments in Escondido South have two stories. Escondido Village has a combination of one- and two-story apartments that are assigned interchangeably. All the apartments that have access to communal courtyards and play areas are two-story.

The low-rise apartments are in the midst of a multi-year renovation project. It is possible that some residents may need to relocate to a renovated low-rise apartment when their building is due for construction.
Escondido Village Studios
Six four-story buildings in Escondido Village accommodate 834 graduate students in single student and couples without children studio apartments. Each studio provides about 325 square feet of space and combines living and sleeping quarters that include a kitchen and private bathroom. Common areas in each building include lounges, computer clusters and laundry facilities.

Escondido Village Mid-Rises and High-Rises
Five eight-story mid-rise apartment buildings — Abrams, Barnes, Hoskins, Hulme and McFarland — offer one-bedroom apartments for couples without children. Each apartment has a sliding glass door that opens onto a balcony. In McFarland, all units have been remodeled to enclose the kitchen and convert the living room into a second bedroom with a large closet and a locking bedroom door. McFarland is assigned as a junior two-bedroom, one-bath apartment for two single graduate students or as a one-bedroom, one-bath compact for a couple. Lobbies, lounges and other common spaces provide areas for social activities.

Escondido Village also includes two 12-story towers, Blackwelder and Quillen. Each building has 110 junior two-bedroom, one-bath apartments shared by two single students. Common spaces in each building include lounges, barbecue and picnic areas, computer clusters and a piano practice room. Blackwelder and Quillen have just undergone major renovation projects. Blackwelder reopened in August 2023 and Quillen will reopen in August 2024.
Escondido Village Graduate Residences

Escondido Village Graduate Residences (EVGR), which opened in 2020, is Stanford’s newest on-campus residential community. Apartments include premium two-bedroom, two-bath apartments with shared living rooms and kitchens, junior two-bedroom, two-bath units with shared kitchens and premium studios. Couples are assigned to premium studios and a limited number of two-bedroom apartments. Single graduate students are assigned to all options and most have a private bedroom and bathroom. This year, a limited number of premium two-bedroom, two-bath apartments will be offered as reduced-rate triple occupancy apartments. One student will be assigned to a single private bedroom (with a full-sized, extra-long bed) and private bath while the other two students will share the second bedroom (with bunk-able twin-sized, extra-long beds) and bath.

Note: The premium studios and two-bedroom triples are not automatically included for single graduates if you indicate on the housing application that you are willing to be assigned anywhere.

Rains Houses

One of Stanford’s largest housing complexes, Rains accommodates single students in two-bedroom, one-bath and four-bedroom, two-bath apartments located in three-story buildings clustered around lawns and courtyards. This residence includes fragments of the Hacienda – an adobe winery built in 1875 – and a restored Buttery from the same era.

Housing Rates and Contracts
Student housing charges fall below average local area rents. Housing charges, along with house dues and a technology fee, are billed each quarter. If you receive a salary through Stanford Payroll, you can make payments through payroll deduction. Stanford housing rates and other fees include furnishings, utilities and internet. On-campus housing rates additionally include coinless/cardless laundry and, in most complexes, access to computer clusters and common rooms, such as lounges and game rooms.

Note: Monthly rates are provided for comparison purposes. Students pay for every night that they are in housing. You are billed quarterly based on your actual contract start and end dates. More information is available at rde.stanford.edu/studenthousing/

**Graduate Housing**

Graduate students attending Stanford without a spouse, partner or children are eligible for Single Graduate Housing. Undergraduate students 25 years of age or older attending Stanford without a spouse, partner or children are also eligible for Single Graduate Housing. Single students are assigned to a variety of single-occupancy studio apartments and shared apartments with two, three or four bedrooms.

The actual number of spaces offered may vary based on applicant demand.

*New Two-Bedroom, Triple Pilot Option Available in EVGR*

For 2024-25 there will be a pilot program in which we will offer a small number of EVGR premium two-bedroom, two-bath apartments with triple occupancy. One student will be assigned to a single private bedroom (with a full-sized, extra-long bed) and private bath while the other two students will share the second bedroom (with bunk-able twin-sized, extra-long beds) and both. Both the single bedroom option and the double bedroom option, that requires two students to share the same sleeping space, will be offered at a reduced rate and will only be assigned to those who specifically list them on their application.

All other apartments include coinless/cardless laundry and, in most complexes, access to computer clusters and common rooms, such as lounges and game rooms.

Note: Monthly rates are provided for comparison purposes. Students pay for monthly rates while in continuous housing. Billing will be prorated based on your actual contract start and end dates. More information is available at rde.stanford.edu/studenthousing/graduate-housing-rates-and-billing-information.

Housing Rates and Contracts

Student housing charges fall below average local area rents. Housing charges, along with house dues and a technology fee, are billed each quarter. If you receive a salary through Stanford Payroll, you can make payments through payroll deduction. Stanford housing rates and other fees include furnishings, utilities and internet. On-campus housing rates additionally include coinless/cardless laundry and, in most complexes, access to computer clusters and common rooms, such as lounges and game rooms.

Couple without Children Housing

Student Housing

Students with children are eligible for studios, one-, or two-bedroom units. A domestic partnership is defined as two adults who have chosen to share one another’s lives in an intimate and committed relationship.

Couple Housing is not intended for friend pairs, siblings, parents, or members of a student’s extended family.

The actual number of spaces offered may vary based on applicant demand.
Depending on overall demand, Stanford may house students in apartment communities within Palo Alto, Menlo Park and Redwood City. These off-campus housing choices will be available to rank on your housing application. Assignment to these spaces will be based on the overall applicant demand. Because we do not know the number of spaces we will assign off-campus, students listing these choices should also rank on-campus housing options. It is important to note that students assigned to these off-campus complexes may have to consolidate within a complex or relocate to campus during the academic year. Students in off-campus subsidized housing are not able to renew their contracts and must join the Lottery each year.

Students are also not eligible to sublicense their rooms. Each location promotes a sense of community and is accessible to public transportation (see transportation.stanford.edu/transit) and/or bicycle routes to campus. Most communities are within walking distance of shops and restaurants, and some are on or near a Stanford Marguerite shuttle route. Amenities vary and may include swimming pools, hot tubs, tennis courts, exercise rooms and rentable community rooms. Visit rde.stanford.edu/studenthousing/campus-subsidized-apartments for further information and photos. Most options for single students are two-bedroom, double occupancy and three-bedroom, triple occupancy apartments that allow students to have their own bedroom in a shared apartment. Options for couples include studio, one-bedroom and a limited number of two bedroom apartments in Palo Alto and Menlo Park.

Oak Creek is the closest property to campus with the largest concentration of students. Its many social activities lend the complex a resort-like atmosphere. Apartments in Menlo Park are either near downtown or in the Sharon Heights neighborhood. Apartments in Redwood City are further away from Stanford, but are newly built.

Rental housing is available near Stanford, but the university is located in a highly desirable suburban area in the heart of Silicon Valley. Consequently, off-campus rental rates are relatively high compared to many other regions of the United States. More affordable options can be found if you look a little further from campus. If you expect to live off campus, plan to start your housing search at least a month in advance. We have partnered with Places4Students to provide local rental listings accessible only to Stanford students and affiliates. To view the rental listings, you will either need a Stanford email address or you can contact Community Housing with proof of your affiliation for a temporary password. For further instructions, please visit R&DE Student Housing’s Community Housing website at offcampushousing.stanford.edu.

Alternative transportation programs are offered to support residents who are able to go car-free. For more details visit transportation.stanford.edu. For information about parking availability near residences and around campus, please visit transportation.stanford.edu/parking.

More information about the 2024 calendar year program is available on the Stanford Transportation website.
NEW GRADUATE STUDENT ORIENTATION

The Graduate Life Office (GLO) coordinates New Graduate Student Orientation (NGSO) to welcome and orient new graduate students to Stanford. NGSO programs are open to all new graduate students. The goal for NGSO is to inform and connect new graduate students to useful campus resources that will assist you during your time as a graduate student. Currently, logistics and specifics for NGSO are in discussion. Please check the GLO website for more information, glo.stanford.edu/ngso.

MOVING IN

• Students select their move-in date on their housing application and generally move in during business hours. Contact your R&DE Housing Service Center if you need to check in earlier than the established move-in dates or outside of posted service center hours: housing.servicecenter.stanford.edu.

• If you cannot check in during our published business hours, please call (650) 725-1602 for after-hours check-in assistance.

The Graduate Student Gateway

The Graduate Student Gateway gradgateway.stanford.edu is a one-stop resource for incoming grad students providing important information before and after your arrival.

STUDENTS WITH SCHOOL-AGED CHILDREN

The Palo Alto Unified School District (PAUSD) is one of the top districts in the United States, so it can be competitive to secure a space in the schools near campus for your child.

• You can begin the registration process once you have your apartment address (sent to you by early July) and finalize it after you move in.

• Once you have your address, go to www.pausd.org/enrollment/registration for information on how to register your child for school and what documents you need to provide.

• Although you won’t have utility bills while living on campus, you can still obtain a bank account and cell phone bill with your new address.

• It is important that you ensure your child has had regular health check-ups. It is important that you ensure your child has had the appropriate immunizations so registration is not delayed. (Go to pausd.org for details). The TB Risk Assessment form must be completed by a U.S. health professional. International students should plan on doing this as soon as possible after arrival in the U.S.

• There is a small possibility that there will not be space at the closest school to your home. If so, you will be assigned to another PAUSD school and have priority to move to the closest one when space is available.

CAMPUS DINING

R&DE Stanford Dining, Hospitality & Auxiliaries (SDHA) sdha.stanford.edu

SDHA is a best-in-class dining and hospitality program serving over 25,000 meals a day in over 100+ locations, including dining halls, self-serve row house dining, co-op dining, suite dining, branded concepts, athletic dining, a kosher kitchen, late night dining at Lakeside, cafes, vendor partner programs, commissary production kitchen, a pub, a mobile food vending program, convenience markets, a sweet shop, catering operations, executive dining, athletic concession venues, and teaching kitchens. SDHA also oversees the Stanford Food Institute, the Stanford Flavor Lab, the campus BeWell community gardens, the Stanford Food Pantry, and a staff training and development center.

As the dining department of the world’s premier research and teaching institution, SDHA has been recognized for its culinary excellence with awards such as the prestigious industry Ivy Award by Restaurants and Institutions for its leadership role.

SDHA Cafes and Markets – Forbes Family Cafe, Olives Cafe, Med Cafe, The Axe & Palm, Law School Cafe, SLAC Cafe, EVGR Pub & Beer Garden, Decadence, Kikka Sushi, Curry Up Now, Starbucks, Panda Express, Subway, Chun Yang Boba Tea, Verve Coffee and Ray’s Grill – offer convenient meal options for every taste. In addition, the Market at Munger, EVGR Marketplace and the U2 Mini Market at Tresidder offer one-stop shopping for campus living convenience items, including fresh produce, grab-and-go sandwiches and salads, grocery staples, sundries and more.

For SDHA cafe and market locations, view our locations.

SDHA Dining Hall Meal Plans – SDHA is Committed to Excellence by providing meal programs that support the development of communities within residences and across neighborhoods. SDHA dining hall meal plans offer significant value, the highest quality food and flexibility of dining across campus to create new connections and allow students to engage in intellectual and lively discussions over meals with each other, faculty, and members of the Stanford community. Dining hall locations and hours can be viewed online here.

SDHA prides itself on providing nutritious, sustainable, and delicious food choices — embodying the Menus of Change Principles, as part of its leadership of the Menus of Change University Research Collaborative — to meet the wide variety of dietary needs within our diverse Stanford community. The East Well @Stanford program provides support to students dining with food allergies, religious requirements, medical needs, vegan/vegetarian diets, and other nutritional needs. For more information on navigating your dietary needs please contact nutritionist@stanford.edu.

SDHA also has a long history of award-winning sustainability leadership. Our One Plate, One Planet vision captures the full breadth of our pioneering sustainable food program, which represents bold, long-term commitments to climate action and racial equity. It celebrates the power of social consciousness, operational innovation, and individual food choices in promoting sustainable food systems. We believe that with each plate we serve, and each meal our students eat, we have the opportunity to create a better future for this planet. Learn more about our Sustainable Food Ethos that guides our purchasing decisions, the positive impact we have through our menu and operations in our Sustainable Food @Stanford By the Numbers infographic, and practical tips for How to Eat Sustainably on Campus.

Grad Student Meal Plans Information – Grad students and post-docs can purchase meals for breakfast, brunch, lunch, and dinner as meal blocks for use in any open dining hall or can purchase any of the undergraduate dining hall meal plans. Meals plans are also available for spouses and partners of grad and post-doc students. Visit our dining hall locations and hours page for more information on where meal plans can be used. Meal Plan Dollars may be used at any dining hall location, select SDHA cafes and markets, and late night operations, including Late Night at Lakeside and The Axe & Palm. “Graduate Meal Plan blocks expire on August 16. Refunds for any unused meals may be requested up to their expiration date. Any remaining meals that have not been refunded by request of the account holder will be expired and forfeited. You have the flexibility to cancel your voluntary meal plan whenever you choose. Please note, an administrative fee of $15 applies upon cancellation. To ensure you get the most value from your plan, we recommend that you select meal block options that closely align with your dining habits. This approach helps in effectively managing your meal plan. Please note that no refunds are available for balances of $15 or less. Meal blocks are non-transferable. Grad students can also purchase Apartment meal plans or the Stanford Dining Hall Meal plans.

Students are not allowed to enter a SDHA dining hall without a valid Stanford ID card. If you lose your Stanford ID card, you must report the loss immediately to the Stanford ID Card Office.

Meal plans are purchased online. Please allow two business days from the date of purchase for your meals and dining hall access to be activated. For questions or further assistance, please email diningplans@stanford.edu.
Cardinal Dollars are similar to Meal Plan Dollars and are meant to be used in SDHA cafés and markets, the Stanford Stadium, Sunken Diamond, and Maples Pavilion. Stanford students pay no sales tax on meal purchases (applicable to tax code) when presenting their valid student ID at time of service. Proceeds from SDHA cafés, markets and concessions, help offset increases in room and board, and support student programs. Cardinal Dollars plans expire on August 16 and are non-transferable. Refunds for any Cardinal Dollars may be requested by the account holder up to their expiration date. Any remaining Cardinal Dollars that have not been refunded by request will be expired and forfeited. Visit cardinaldollars.stanford.edu.

Food Allergies & Special Dietary Needs – SDHA offers a variety of accommodations for students with food allergies and specialized dietary requirements through the Food Allergies @Stanford program. We have a dedicated nutrition team to support hundreds of Stanford students, staff and guests with food allergies and special dietary needs.

SDHA has partnered with FARE (Food Allergy Research & Education) to help improve the college experience for students with food allergies through enhanced awareness, accommodations, and training. The SDHA nutrition team reviews ingredients, recipes, and menus for allergies. We support R&DE staff on food allergy accommodations, and provides nutrition counseling and education for students to help with managing their dietary needs on campus. Stanford is also home to nut-sensitive dining programs at Ricker and Stern dining halls.

SDHA identifies the top allergens (coconut, egg, fish, milk, peanuts, sesame, shellfish, soy, tree nuts, wheat) in the dining halls. We call out the allergens as well as indicate the potential for cross-contact in in-house or external production. Daily menus are published online, and food labels identify ingredients, allergens as well as dietary traits like vegan (VG), vegetarian (V), gluten-free (GF) or Halal at the point of service.

The Food Allergies @Stanford support team includes the SDHA nutritionists, chefs, and managers who work together to ensure students with food allergies and dietary needs have an exceptional dining experience. For more information about how to get support with your food allergy or special dietary need, view our Food Allergy Information Sheet or reach out to nutritionist@stanford.edu.

Religious Dietary Accommodations – We strongly encourage students with religious dietary needs to plan ahead and coordinate any necessary accommodations before arriving to campus. Read below to learn more about the accommodations that are available through SDHA. Students with religious dietary needs should contact the Office for Religious and Spiritual Life (ORSL) to discuss how their needs can be met on campus. It is important to reach out to discuss your specific needs prior to arriving on campus.

Kosher Dining – SDHA offers a seven-day Glatt kosher lunch and dinner program at Florence Moore Dining in partnership with students, the ORSL, Hillel, and Residential Education. All meals are prepared in our kosher kitchen and served under the guidance of a mashgiach. Shabbat and Sabbath meals are prepared in Florence Moore and served in Hillel. To learn more about kosher dining, please visit the Kosher Dining webpage or contact nutritionist@stanford.edu.

Halal Dining – SDHA also offers a variety of food options to accommodate the dietary needs of Stanford’s Muslim community. The chicken and beef served in the dining halls is certified halal unless noted otherwise on the label and we avoid the use of alcohol in our recipes. In addition, during Ramadan, Suhoor to-go boxes and iftar specials are provided in the dining halls to keep students well-nourished during fasting. Graduate students with R&DE SDHA breakfast and dinner meal plan blocks, will have access to these accommodations through the completion of Ramadan. To learn more about halal dining visit halal_dining or contact nutritionist@stanford.edu.

Other Religious Dietary Requirements – Students who purchase meal plan blocks who have religious dietary needs should consult with the ORSL about how their needs can be accommodated at Stanford prior to arriving on campus. Some religious dietary requirements can be accommodated in the dining halls. However, students with highly specific or complex restrictions may find it difficult to navigate these needs.

R&DE SDHA Food Pantry Pop-up – SDHA is pleased to partner with Second Harvest of Silicon Valley Food Bank to address campus food insecurity in the graduate student community. Each student household is eligible to receive produce, dairy, meat or poultry and non-perishable items at no cost. The Stanford Food Pantry Pop-up on campus is located in the EVGR C outdoor patio area, and is hosted on the second Monday of each month from 11am to 2:30pm. Students who are interested can sign up through our website: rde.stanford.edu/food-pantry-pop-up which provides more information on upcoming events and volunteering information.
