The Women’s Leadership Development Group invites you to join us on a weekly journey of self-discovery and personal mastery. An opportunity to learn about yourself and strengthen your management skills while checking in with others on the same journey.

In 2020, The 7 Habits of Highly Effective People celebrated its 30th year of publication and along with it, a 52-week guided journal.

Each week, discover and discuss:

- Journaling prompts for self-discovery and to build confidence and self-esteem
- Worksheets for strategic time management and deeper learning of the 7 Habits
- Self-motivation tips, exercises, and challenges for optimal goal achievement

A new cycle is starting March 16, 2023. It will run weekly on Thursdays 1:30-2:00 PM with a small group of peers.

The only commitment you need to make is to yourself. The group meets weekly for 30-minutes for sharing and support along this path.

Committing to all 52 weeks is not necessary. Come for the sessions that are meaningful for you.

We honor no-show/no-guilt guidelines and are here for the folks that benefit from comradery and a small group to help us with accountability.

The only requirement is a desire to grow and develop. A bargaining unit session is in the works with a similar cycle start time.

Encouraging women leaders through personal and professional development.
